Summary

B.Tech Computer Science student specializing in Data Science, passionate about learning big data, machine learning and networking, with strong problem-solving and analytical skills. Seeking opportunities to gain practical experience and apply technical knowledge in real-world projects.

Education

KL University , Hyderabad, Telangana Bachelor of Technology - Computer Science Engineering CGPA: 9.54 / 10.0	2023–2027
Intermediate – MPC Percentage: 97.1%	2021–2023

Technical Skills

- **Languages:** Java, C, Python
- **Frontend:** HTML, CSS, JavaScript
- **Databases:** MySQL, MongoDB
- **Backend Technologies:** FastAPI, REST APIs
- **Tools:** Git, GitHub, VS Code, Google Colab, Power Bi, Tableau
- **Core CS:** Data Structures and Algorithms, Object-Oriented Programming, Operating Systems, Computer Networks, Database Management Systems, Software Engineering, Web Technologies

Projects

Smart Finance Ledger – Payment Tracking System(Web Application)

- Developed a finance management web application using Python, HTML, CSS, JavaScript, and MongoDB.
- Implemented customer registration, loan tracking, EMI management, and daily payment recording.
- Designed REST-based backend functionality for storing and retrieving customer data.
- Improved manual bookkeeping by digitizing payment records with a user-friendly interface.

RAG-Based Knowledge Assistant

- Developed RESTful backend APIs using FastAPI and integrated them with a React frontend.
- Implemented Retrieval-Augmented Generation (RAG) using FAISS for enterprise document search.
- Designed scalable backend workflows for document ingestion and querying.
- Worked with API integration, database interactions, and backend optimization.

Hive of Creativity – Craft Marketplace Platform(Frontend)

- Created a responsive web interface for custom crafts and upcycled products using HTML, CSS, and JavaScript, enabling collaboration between artists and users.
- Implemented customization features and interactive UI components to enhance user experience and usability.
- Designed reusable UI components and optimized layout for better performance and scalability.
- Improved user engagement through intuitive navigation and responsive design across devices.

Certifications

- AWS Certified Cloud Practitioner CLF-C02
- MongoDB Associate Developer
- Advanced Automation Professional By Automation Anywhere
